

## Serie Stuttgart Emotion

Input: 200-240 V AC, 50-60 Hz  
 Output: 12 V DC, max. 60 W, max. 5,0 A  
 Ta: -15 - +45° C  
 Tc: 80° C

- **Mindestabstand von 0,5 m beachten: zwischen Funkempfänger und Transformatoren, Vorschaltgeräten und anderen elektrischen Geräten (z.B. Mikrowellen, Stereoanlagen, TV etc.)**
- **Nicht auf oder hinter Metallteilen, Spiegeln oder metallisch beschichteten Folien montieren!**
- **Konverter und Steuerung sind nicht wassergeschützt und sollen nicht unter wasserführenden Elementen (z. B. Spüle) verbaut werden.**
- *Note minimum distance of 0.5 m: between radio receivers and transformers, electric control gears (ECG) and other electric devices (e.g. microwave ovens, stereo systems, TVs etc.)*
- *Do not mount on or behind metal parts, mirrors or metal-coated film.*
- *Converter and control unit are not water-protected and should not be installed under water-carrying elements (e.g. sink).*

SELV

IP20

**A** Montage / installation

gesamt max. 60 W  
total max. 60 W

1 + 4 = max. 3 A / 36 W  
2 + 5 = max. 3 A / 36 W  
3 + 6 = max. 3 A / 36 W

**B1** Montage/Batteriewechsel / installation/battery replacement

Schutzfolie  
(vor der Erst-Inbetriebnahme entfernen)  
protective foil  
(remove before initial start up)
